

# 24 Hours at Monarchs House

MONARCHS HOUSE  
YOUR HOME AT THE HOME OF GOLF

**A stay at Monarchs House isn't like staying at a resort or an inn. It's like being on a holiday in your own home but one where your surroundings have magically changed once you step outdoors. Let us show you why any trip to St Andrews can be made better by staying with us.**

## THE DRAWING ROOM

**You are sitting in the Monarchs House Drawing Room with seven of your friends. And you just told the story of how you made par on the Old Course's 14<sup>th</sup> Hole. For the 5<sup>th</sup> time. That's ok. Everyone does it.**

DINNER IS SERVED

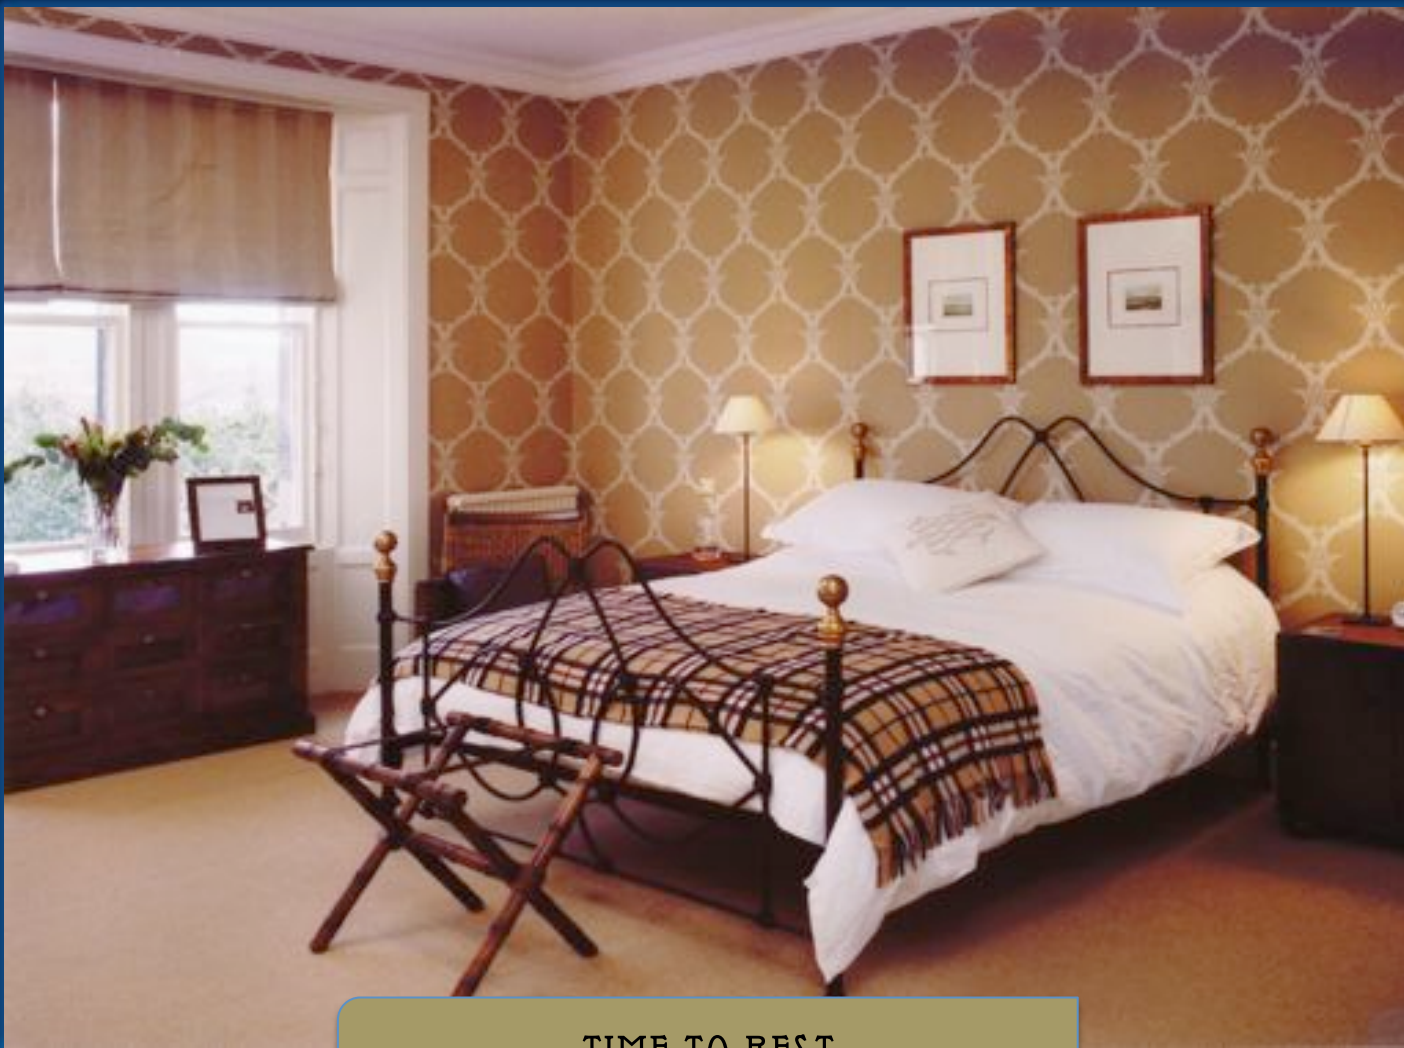

CHEF KEVIN LOW

**While you were in the drawing room debating the relative merits of Lagavulin 16 and The Macallan 25, Kevin Low has readied your four-course supper. We love Kevin and we're sure you will too. His dishes are now legendary with our guests. And what is Cranachan anyways?**

**After dinner and coffee, why not wander down to The Central pub and engage one of the locals to finish off your discussion of whiskies.**

# THE CENTRAL

## TIME TO REST

**It's been a long day. 18 on the Old Course. A couple of pints at the Dunvegan. Perhaps a night cap at the Central Pub. You need your rest.**

**Sleep until your heart's content on one of the most comfortable beds anywhere. Like home.**

**Tomorrow, you have tee times 15 minutes away at Kingsbarns. At the crack of noon.**

## HICKORY STICKS

You rise earlier than you expect. It must be the air. You take your breakfast at Monarchs House.

Your group decides to play 9 before your 18 at Kingsbarns. At Kingarrock. With hickory sticks and period balls. You can't believe how much fun you are having. And it's not even 11:00 AM. Off to Kingsbarns and the fun continues.
